

Smart solutions for sustainable cities

The Gothenburg region is a leader in environmental and sustainable development.

Welcome to discover smart solutions in three award winning buildings – HSB Living Lab, A Working Lab and the housing cooperative Riksbyggen Brf Viva.

Here is an aerial view of Johanneberg, an area of Gothenburg, that is at the centre of the city's efforts to promote more sustainable living and working.

About:

Green Gothenburg works to increase international recognition of the region as a leader in environmental and sustainable development. We welcome international delegations on the decision-making level with an interest in exploring smart and sustainable city solutions. We provide high-quality study tours, expertise, inspiration and useful business contacts.

Green Gothenburg is owned by the City of Gothenburg, with operations managed by the municipal company Business Region Göteborg.

Green Gothenburg is supported by the City of Gothenburg and Region Västra Götaland together with four municipal companies: Göteborg Energi, Förvaltnings AB Framtiden, Älvstranden Utveckling and Renova.

Green Gothenburg is a part of Smart City Sweden
